

Dear Sirs,

Ref: Gary Graham

I am writing this letter to let you know my husband is in the Heritage in Quitman, Texas and to let you know that he is getting great care. Arron who works in the front office has been so helpful with any questions I might have. Mary Hooton that is over the cleaning of the rooms and making them feel like home is wonderful. Wanda Williams a nurse that makes sure his meds are right and always doing what she can to make sure he is taken care of is great she goes above and beyond that is hard to find now days. Brittany (Carden) Mahoney is an aide and she is always doing things to make sure he is clean and watching making sure he does not fall.

And gets taken care of in a timely matter. He has improved in the 2 months he has been the Heritage.

Thanks for letting these people know that we appreciate them so much.

Gary Graham
